### Public Participation

- Jane Messmer expressed her concern for the safety of the students and the community and urged the school board to go by science and data and reopen the schools on a completely virtual basis for all students this fall. This is the safest way to protect our students, teachers, and staff and to help stop the spread of the virus. She understands and appreciates that the Board, principals, teachers, and staff have been filling the gaps in regards to remote learning and she asked the Board to reach out to the parents, businesses and non-profit community and ask us to step-up and help you help our neighbors and their kids. We are all in this together.
- Chis Hudson would like information on how much the Gahanna school district currently pays for it's police presence in Gahanna schools. He would also like to know how many individuals are employed, where they are employed and a description of their job descriptions.
- Julie DeBoard would like to know what the third party vendor distance learning option will look like – prerecorded or interactional?
- Jason Bennett is concerned about the options being presented to parents for the upcoming school year. He feels that parents are being backed into a corner and forced to make a decision for school that will impact the health of our families, our teachers, and our community. He would like for GJPS to reconsider the limited options presented and allow parents to revisit their school decisions midway through the year and that GJPS will reconsider opening it's hybrid learning plan at a later date to ensure the safety of all students, staff, and community.
- Laura Dranschak is a scientist and has been working with other scientists, large companies, and large institutions on COVID treatments and vaccines. In her professional opinion, she feels that schools should open with distant learning only. She supports a delayed start to help teachers train for distant learning and to provide them with information on COVID. She also suggested starting the distant learning after Labor Day.

Downloadable PDF of the [Superintendent’s presentation](#)

### B. TREASURER’S REPORT

1. **Cash Balances:** Cash Balances are \$44.5M. The General fund balance (including GF Debt) is \$12.1M vs \$9.7M in the previous year. Net of encumbrances the balance is \$0.7M higher.

(See attached report of cash balances and investments by maturity date)

2. **Revenues:**

- Revenues for June were \$1.4M. \$1.0M consisted of a non-operational receipt into the budget reserve account as per the May 5 year forecast. The State Foundation reduction totaled \$1.6M. GJPS remains ahead of prior year due to local property tax receipts. Excluding the budget

reserve transfer, operating receipts exceeded estimates by \$337k and \$4.6M higher than prior year.

### 3. Expenditures:

- Salaries & Wages are tracking higher than prior year by 3.1%. Forecasted Salaries and Wages were lower than plan by \$829k. The increased savings from outlook were due to termination benefits which were primarily covered by the balance in the 035 fund.
- Employee benefit costs were lower than estimates by \$1.2M as expected. A temporary advance was processed to cover the deficit in the Self Insurance fund.

### 4. Appropriations / Estimated Revenues:

- Appropriations and Estimated Revenues were trued-up for the fiscal year at the June 29<sup>th</sup> Board meeting.

### 5. Activities:

- Five Year Forecast update:
  - Based on comments from the Governor's office and Ohio Department of Education, the forecasted reductions of \$3.3M in state education funding are in line with the State's forecast and current expectations. Absent a reversal in the efforts to open the economy, the risk of additional reductions is low.
  - As information becomes available the forecast will be amended to reflect actual vs estimated impacts.
- The Fiscal Year was closed on July 3<sup>rd</sup>. FY21 activity is being processed.
- Preliminary budgets have been loaded for FY21. Additional work is needed for several funds to align budgets with forecasted amounts.

*Access, and the Quest to Be Who Our Students Need Us to Be* by Cornelius Minor. In the fall of 2019, a team of administrators participated in an Equity Institute to begin learning about ways to effectively facilitate awareness, conversation, and action related to inequitable systems and experiences for affected students. As a follow-up step to the Equity Institute, the GJPS Equity Team looked at data to identify areas of concern so action steps could be taken to create change. The work of the GJPS Equity Team is ongoing and will include the creation of a district action plan to address implicit bias, social injustice, educational inequity and racism; and

WHEREAS, it is not enough to state these values or merely affirm our previous commitments, we must actively engage in being anti-racist because of the tremendous responsibility we have in helping children grow into adults and in providing an opportunity for all students to achieve the American dream of equality of opportunity.

NOW, THEREFORE BE IT RESOLVED, that the Gahanna-Jefferson Board of Education hereby re-affirms its commitment to be an anti-racist school district committed to social justice in education; and
